# LAKSHYA KUMAR SINGH

MERN | Spring boot | DBMS

Gurugram, Haryana, India

## Summary

Hey there!

Greetings! I'm Lakshya Kumar Singh, a dedicated web developer fueled by a passion for technology and a drive to create meaningful digital experiences!

Who am I?

I'm a third-year engineering student with a knack for solving complex problems and a love for all things tech. Specializing in web development, I've immersed myself in a diverse array of technologies and techniques, constantly pushing boundaries and seeking out new challenges.

## My Skills

# Frontend: HTML | CSS | JavaScript | React | Tailwind

## Backend: Node.js | Express.js | Spring Boot | Django | PHP

Database: MongoDB | MySQL | PostgreSQL

APIs: RESTful API Development

Others: C/C++ | Java | Python | Data Structures and Algorithms

## My Playground

Crafting intuitive user interfaces

## Building robust backend systems

Designing efficient databases

Bringing ideas to life through code

## My Portfolio

Eager to see what I've been working on? Dive into my world of projects and experiments on GitHub. From dynamic web applications

to scalable APIs, each project reflects my commitment to excellence and passion for innovation.

Let's Connect!

I'm always on the lookout for new opportunities to collaborate, learn, and grow. Whether you're interested in discussing the latest tech trends, exploring potential projects, or simply sharing ideas, I'm just a message away!

Let's embark on this exciting journey of exploration and innovation together!

Warm regards,  
Lakshya Kumar Singh

---

## Experience

CantiLever.in  
Web Developer  
July 2024 - August 2024 (2 months)  
Gurugram, Haryana, India

Intern, Cantelever  
Duration: 1 Month

During my internship at Cantelever, I gained hands-on experience in the MERN stack by working on two distinct projects. I contributed to the development and deployment of full-stack applications, honing my skills in MongoDB, Express.js, React, and Node.js. This role enhanced my understanding of practical application development and provided valuable exposure to real-world software engineering challenges.
