SUBJECT: SUMMER ANALYST PROGRAM

Dear Hiring Committee,

I am writing to express my interest in the Summer Analyst Program at Goldman Sachs, as advertised. I am currently pursuing a Bachelors in Information Technology at Dr. Akhilesh Das Gupta Institute of Technology, and I am eager to immerse myself in the world of investment banking through this exceptional opportunity.

The comprehensive nature of Goldman Sachs' Summer Analyst Program, including the opportunity to attend orientation, receive in-depth training, and work on meaningful projects alongside experienced professionals, is highly appealing to me. I am particularly drawn to the Investment Banking division, where I hope to contribute to delivering high-quality strategic advice and creative financing solutions to clients. The opportunity to engage in activities such as advising on cross-border mergers, structuring IPOs, and refinancing bonds aligns perfectly with my academic background and professional aspirations.

During my previous internship at Cantilever as a Full Stack Developer, I gained invaluable experience in problem-solving, teamwork, and delivering high-impact solutions under tight deadlines. These experiences have honed my analytical and technical skills, which I am eager to apply to the dynamic and challenging environment at Goldman Sachs. I am confident that my dedication, ability to learn quickly, and passion for finance will make me a valuable asset to your team.

I am particularly inspired by Goldman Sachs' commitment to being the world's preeminent investment bank and its focus on building long-term client relationships while driving superior returns. I am eager to contribute to these objectives and to further develop my skills in a firm that is known for its dynamic, meritocratic, and diverse workplace.

Thank you for considering my application. I am looking forward to the opportunity to discuss how I can contribute to Goldman Sachs during the Summer Analyst Program. I am excited about the possibility of being part of such a prestigious institution and am confident that this experience will significantly advance my career in investment banking.

Sincerely,
Lakshya Kumar Singh
